More Information

Enjoy revolutionary entertainment on the go - Intel Core 2 Duo processor in model enables breakthrough mobile performance, high-definition capabilities and improved battery life.

To power the most demanding 3D intense games, the M51 series is equipped with abundant graphics power with top of the line specifications. To provide users more convenience experience, M51 series is the first 15.4" W model to adopt numeric keyboard. With the help of numeric keyboards, users can instinctively enter numbers without any hesitate.

The M51 series also provides Bluetooth 2.0 EDR - an enhanced data rate that transmits three times faster than the standard Bluetooth, for increased connectivity and synchronization between digital devices.

Data security is uncompromised with a built-in AuthenTec fingerprint scanner with TruePrint technology that reads from the live layer of skin, preventing common skin surface conditions from impairing scanner accuracy.

The M51 series offers a smart balance of mobility and performance with comprehensive security feature that protects the notebook and its stored information. **Manufacturer's Website:** www.asus.com
