More Information

The X58L from Asus - the laptop manufacturers who started the netbook revolution - is perfect for those people looking for a fast multimedia home notebook with a stylish exterior.

Featuring an impressive Pentium Dual Core processor running at 2Ghz and with 2GB of memory, the X58L will be quick enough for even the most impatient of notebook user.

A generous 160GB Hard drive is enough to keep all the families data safe and accessible and an integrated DVD writer means backing up onto disc or burning music/film is a simple matter.

With a 4 in 1 Card Reader for transferring the holiday photos from camera to notebook in one easy motion and the latest version of Vista Home Premium, this impressively priced laptop is definitely one to consider.
